UTAH EARTH SCIENCE WEEK POSTER CONTEST 2005

“What Geoscientists Really Do”

The Utah Geological Survey (UGS) and the Utah Geological Association are sponsoring a poster contest to celebrate Earth Science Week.

This year’s Earth Science Week theme “**Geoscientists Explore Our Earth**” will focus on careers in the Earth Sciences and the important contribution geoscientists make to society.

Celebrate Earth Science Week with the Utah Geological Survey

POSTER GUIDELINES

- The Poster Contest is open to all 4th grade students.
- Select **ONE** winner per classroom.
- Student’s artwork should illustrate the theme “What Geoscientists Really Do”: Examples might include the following careers:
 - **Mineralogists** study the formation, composition and properties of minerals.
 - **Paleontologists** study fossils to understand past life forms.
 - **Petroleum geologists** are involved in the exploration and production of oil and gas.
 - **Geomorphologists** investigate the nature, origin and development of landforms and their relationship to underlying structures.
 - **Environmental geologists** work to solve problems with urban development and hazards such as flooding and erosion.
- Poster must be original and authentic (must be the student’s own work) and should be no larger than 24 X 36 inches.
- Entries must be postmarked no later than September 22, 2005.
- Winners will be announced September 28, 2005.

PRIZES

- **16 WINNING CLASSROOMS** will be awarded a reserved spot to attend the 2005 “Earth Science Week” activities at the UGS Utah Core Research Center, October 11-14.
- **THE TOP 3 ENTRIES** will be awarded paid bus fare to attend the activities at the UGS
- **WINNING ENTRIES** will be displayed on the UGS Web site.
